NEW! ATLAS Timeclock Tracking System

Say goodbye to paper timesheets and tedious tracking! The CTS ATLAS Timeclock Tracking System, powered by the ATLAS Kiosk check-in, transforms how AJCs track customer engagement in job readiness and training activities. With a seamless digital experience, staff can monitor hours of participation in real-time—from time-in to time-out—with powerful tools for admin edits, case note documentation, automatic timecard generation with e-signatures, and secure recordkeeping. This isn't just a new feature—it's a game-changing upgrade that saves time, increases accuracy, and boosts program performance with reliable data, all inside the ATLAS ecosystem.

- **Smart Check-In**
- **Accurate Time Logs**
- **Seamless Digital Records**
- **Auto Generated Timecards (PDF + eSignature)**

**Fully Digital |
Fully Compliant |
Fully ATLAS**

- **ROI Value: Transform Your Workflow**

- Dramatic time savings for customers and staff
- Increased productivity and operational efficiency
- Improved data accuracy
